

In the darkest days of winter
We remember Jesus birth
Come to bring us hope and freedom
Born to bring us peace on earth
God enters the world a baby
Sent for you and me

*Heaven to earth
Love has broken through our darkness
Immanuel
Christ the king has come among us
Heaven to Earth
God is with us now*

In a manger, small and lowly
Jesus Christ the Lord was born
Set aside his kingly splendour
For a world that lies forlorn
Knowing he would live with purpose
And die to set us free

Immanuel
Immanuel
God is with us now
