

As we walk the path of life
We know that God is with us
He loves us all the time
God loves us all the time
No matter how we look or feel
His love for us is always real
Because we have this certainty
We're gonna sing this song for evermore
We're gonna sing His song for evermore

As we go through every day
We know we're not alone
He loves us all the time
God loves us all the time
No matter if we're old or young
His love for us goes on and on
Because we have this certainty
We're gonna sing this song for evermore
We're gonna sing His song for evermore

INSTRUMENTAL

No matter what the world may say
We know God's with us all the way
Because we have this certainty
We're gonna sing this song for evermore
We're gonna sing His song for evermore
