

**Everywhere I go you're with me
Everywhere I go you lead me
Everywhere I go I'm surrounded by your love
Anytime I call you hear me
Anytime I fall you lift me
Anytime I'm down I'm astounded by your love**

When I wake up every morning I know that you are by my side
Watching over all my passing days
I will not fear with you beside to guide me and to reassure
Your grace and mercy follow me always

When the day you gave has ended, I will thank you for your care
Through the highs and lows you have sustained
I trust in you my God and Father, Ever faithful friend and Lord
Your love and goodness follow me always

With me for ever, you will never leave or forsake me
I will be sure of your love and protection and peace
With me for ever, you will be my comfort and certainty
I will be sure of your presence that will never cease
