

*Let the bells ring out
Let all creation shout!
For a king has been born
Who will bring peace and life to the world*

God is with us
The best surprise the world could ever see
A star shines out for everyone
A light to blaze through history

O come let us adore Him (x3)
Christ the Lord

RAP: At this festive time we celebrate
God's greatest gift of love
As he sent Jesus down to earth
From His home in Heaven above
So we're gonna dance, we're gonna clap
We're gonna shout and cheer
For the answer to our every need
The baby King is here, and we sing

Glory, in the highest and peace on earth
(x4)
