

PRECIOUS GIFT OF LIFE

Thank you for your precious gift of life
For loving every child before they're born
Thank you for providing all we need to live as one
Your bounty to a world that you created

Sorry for the way that we have failed
To live life the way you had intended
Sorry that we do not treat each other equally
Or share the love that you have freely given

*Give us your heart of compassion
For the lives which are so fragile and torn
With your grace may we hold dear
The precious gift of life*

Precious gift of life that you have given
Precious gift of life that you have given
